

## Multifire Branchpipe Nozzles

Our multi-fire branchpipes are multipurpose nozzle suitable for industrial and marine applications. Encased in rubber the nozzle is very robust and shock resistant. Twist grip function allows the operator the option of jet, spray and shut-off functions.

### MULTIFIRE NOZZLE

A small lightweight nozzle.

<b>MATERIALS:</b>	Chrome Plated Brass / Rubber
<b>MAX WORKING PRESSURE:</b>	10 Bar
<b>FLOW RATE / 6 BAR:</b>	Straight Jet - 130 lpm 60° Cone Fog - 200 lpm
<b>THROW DISTANCE / 6 BAR:</b>	Straight Jet - 28m 60° Cone Fog - 12m
<b>WEIGHT:</b>	0.70kg
<b>LENGTH:</b>	115mm
<b>INLET:</b>	1" BSP Female

*Any inlet connection can be made using a 1" Male BSP threaded adaptor.*

### MULTIFIRE BRANCHPIPE

A very robust branchpipe.

<b>MATERIALS:</b>	Chrome Plated Brass / Rubber
<b>MAX WORKING PRESSURE:</b>	10 Bar
<b>FLOW RATE / 6 BAR:</b>	Straight Jet - 130 lpm 60° Cone Fog - 200 lpm
<b>THROW DISTANCE / 6 BAR:</b>	Straight Jet - 28m 60° Cone Fog - 12m
<b>WEIGHT:</b>	1.69kg
<b>LENGTH:</b>	315mm
<b>INLET:</b>	2" BSP Female

*Any inlet connection can be made using a 2" Male BSP threaded adaptor.*
